3) Vernon Elementary School District Vision/Mission

The mission of Vernon Elementary School is to provide high quality instruction to students in collaboration with parents. Students will develop good study habits and excel in critical thinking skills, which will be evidenced through strong written and verbal communications skills. The school culture will be based on individualized instruction while promoting community values in a safe learning environment.

4) Governing Board Meetings

The Governing Board meets every second Tuesday of each month at 5:30pm in the Library of Vernon Elementary School. Notices of the meetings and any of Governing Board committees and/or subcommittees will be posted at Vernon Elementary School, 90 CR 3139, Vernon, Arizona on the outside bulletin board located next to the double front doors and on the bulletin board outside the main exit gate. Both locations are open to the public Monday through Thursday from 7:30 a.m. to 4:00 p.m. except legal holidays. The public may obtain an agenda for the meeting(s) by calling the District Office at (928) 537-5463 or the agenda may be viewed at the District website <http://www.vernon.k12.az.us>.

VESD Site Council

The purpose of our Site Council is to provide parents, staff, and community members to work together towards meeting the school wide goals. Our Site Council meets in conjunction with the Vernon Community Park Committee. This allows both committees to work together to encourage parental and community involvement. Meetings are held the first Tuesday of each month. For further information please see Dr. Monica Barajas mbarajas@vernon.k12.az.us.

This includes students participating in after school activities. Sports practices end at 4:25 PM. Parents must pick up their children no later than five minutes

past the time the activity is over. For most clubs and sport practices there will be an activity bus available. There is **no activity bus** for scheduled home sport games or activity and parents will be responsible to make arrangements for picking their child up after the event. Parents are responsible to pick up their child after an away game or away activity.

Enrollment Procedures

Please provide Immunization Records, Birth Certificate, Proof of Residency, Completed enrollment packet. Parents/guardians are asked to complete the forms indicated and submit them to the school **before their child's first day** of attendance. Students will not be allowed to attend school unless these forms have been submitted.

Signing-In & Signing-Out

PRE-SCHOOL - KINDERGARTEN: Parent/guardians who are dropping preschool or kindergarten students off at school must check in at the office prior to walking their student to the classroom, where they must be signed in and out daily. Please walk your child to the classroom at the beginning of each class and if they are not riding a bus home please pick them up at the classroom so that they can also be signed out.

FIRST-EIGHTH GRADE: Release from School

No student will be released from the school during school hours except by a person authorized to do so by the student's parent. Before a student is released, the person seeking to remove the student must present, to the satisfaction of the District Administrator, evidence of proper authority to release the student.

The person seeking to remove the student must also be listed on the Emergency Card.

Early Release, Late Start and Snow Days

There are two early release days scheduled in the 2019/2020 school year calendar. These are **December 19, 2019** and **May 28, 2020**. In the event of delay start, make-up days will be scheduled. In the event of Snow Days used, the District has three Snow Rebate Days in May to make-up missed instructional days. For additional information on Snow Day closures and delayed start the following radio station will broadcast the information: FM Stations: 92.5.

Additionally you may call the front office or check the Vernon School District website at www.vernon.k12.az.us. These methods of communication will be updated by 6:00 AM when possible in the event of bad weather school closures or delayed start.

In the event of severely inclement weather or mechanical breakdown, school may be closed or start may be delayed. The same conditions may also necessitate early dismissal. Students will be bussed home and we will use an automated system to notify parents of the early release. We will assume that a parent will be home to receive them. **Arrangements should be made in advance with friends and neighbors in**

case the parent is not at home when this happens. The school will do it's utmost to notify parents in time for them to be able to make arrangements in case of emergencies.

Please ensure the front office has your **up-to-date phone and email information** so you may receive these important announcements via automated system.

6) Health & Safety Information

Immunizations of Students

Subject to the exemptions as provided by law, immunization against diphtheria, tetanus, pertussis, poliomyelitis, rubeola (measles), mumps, rubella (German measles), hepatitis and haemophilus influenza b (Hib), is required for attendance of any student in the school. Any student with serologic confirmation of the presence of specific antibodies against a vaccine-preventable disease shall not be subject to immunization against that disease as a condition for attending school. Students age 12 and older are required to have the Tdap and Meningococcal. Please make sure the office has updated shot records.

PRESCHOOL - KINDERGARTEN: Students will be enrolled in program with documentation of current age appropriate vaccinations or written exception affidavit 9 A.A.C. 6, Article 7. Parents/guardians will be notified in writing if immunizations are due and given 15 days to complete and return documentation to the program.

Communicable/Infectious Diseases

Any student with, or recovering from, a communicable disease will not be permitted in school until the period of contagion is passed or until a physician recommends a return. Parents will be requested to provide a history of the communicable diseases for each student. This includes pediculosis (lice infection).

PRESCHOOL - KINDERGARTEN: Facility Director shall not allow an enrolled child who lacks proof of immunity against a disease listed in A.A.C. R9-6702(A) to attend the child care facility between the start and end of an outbreak of the disease at the facility.

If a staff member or enrolled child contracts a communicable disease or infestation listed in 9 A.A.C. 6, Article 2, Table 2, a licensee shall ensure that, within 24 hours of notice of the communicable disease or infestation, written notice will be provided to staff member, parent, and the local health department.

Administering Medicines to Students

PRESCHOOL: Students enrolled in the preschool and kindergarten program **WILL NOT** be given medication at school within the hours of the combined Preschool – Kindergarten Program 7:30 AM – 11:30 AM, except for rescue medicine such as inhaler or epi-pen, R9-5-516.

K-8th GRADE STUDENTS: Under certain circumstances, when it is necessary for a student to take medicine during school hours, the District will cooperate with the family physician and the parents if the following requirements are met: (1) there must be a written order from the physician stating the name of the medicine, the dosage, and the time it is to be given. (2) There must be written permission from the

parent to allow the school to administer the medicine. (3) The medicine must come to the school office in the prescription container or, if it is over-the-counter medication, in the original container with all warnings and directions intact.

No medication will be administered to your child unless you provide the medication. This includes but may not be limited to: Tylenol, Benadryl, Cough Drops and Tums. If you want your child to have access to these over-the-counter medications, **you must provide them and bring them to the school secretary.** Please place them in a Ziploc bag with their name clearly printed on the bag. We will store them in a locked cabinet. The District reserves the right to circumscribe or disallow the use or administration of any medication on school premises if the threat of abuse or misuse of the medicine may pose a risk of harm to a member or members of the student population.

Duty teachers and homeroom teachers will fill out an office slip and send the student to the office if feeling ill. Front office personnel will administer a health assessment. If the student has a temperature of over 100°f, or if they are vomiting, the parent will be called to pick the student up. The student may not return to school until they are not sick and/or are fever free for 24 hours.

Campus Safety & Security

To keep our students safe, we keep our campus doors locked after instruction begins each day and all visitors must enter the front office through the side door. All students will be supervised at all times while on the premises. The school has several security cameras placed throughout the campus that are monitored 24/7.

Accidents

Minor injuries happen to children, and every educator serving the Preschool children are trained and certified in first aid and CPR. The staff treats minor injuries requiring no more than soap and water, a bandage, and a little loving care. Parents/guardians are called when appropriate.

Serious Injuries

The school will call you immediately to report any injury to the face or head and other serious injuries requiring further care or medical treatment. The supervising staff member also will file an accident report.

911

If a serious illness or accident occurs, school personnel will call 911 for assistance and evaluation. Parents/guardians are also called as soon as possible. If the EMT personnel decides to transport your child to the nearest emergency medical facility and you are not at the school yet, a teacher or staff person will accompany the child to the emergency medical facility along with the blue emergency card.

Vernon Elementary School developed an Emergency Response Plan that serves as a guide to help staff and safety partners respond swiftly should a crisis arise. Parents should be assured to know that the safety procedures in place in the school are extensive and all staff are prepared to respond to a wide variety of school emergencies.

Safety Drills

If you are present during a drill, follow the lead of the nearest faculty or staff member. The school conducts monthly fire evacuation drills and other safety drills, such as lock down drills. In the event, it is not a drill but an actual emergency; school officials will immediately call police and emergency services. All directives of the incident commander will be followed and parents will be notified of the event via the school's outreach program, R9-5-514.

Facts and Terms Every Parent Should Know

Should an emergency situation occur while you are on campus, it is important that you are familiar with the following terms:

- **Modified Lockdown (Lockout)**

During a modified lockdown exterior doors and main interior doors are locked to make it more difficult for an intruder or potential threat to gain access to students or staff.

- **Lockdown**

During a lockdown, all school interior and exterior doors are locked and all students and staff are confined to a safe room. No entry or exit is permissible until an "all clear" signal is given. This takes place when there is a possible threat inside or outside of the school.

- **Evacuation**

An evacuation may be necessary for the following situations: arson, fire, explosion, hazardous materials leak/spill, bomb threat, or damage to the building.

- **Shelter-In-Place**

This refers to taking refuge in an area inside the school when there is not adequate time to evacuate the

school or release students. For example, this procedure may be implemented inside for hazardous materials that have been released into the atmosphere.

Food Service

The cafeteria offers breakfast and lunch daily. Due to meeting the requirements of the National School Lunch Program nutrition guidelines and federal funding guidelines we can offer this service free to all students enrolled at Vernon Elementary School District. All students will eat lunch in the cafeteria.

7) Parent/ Student Information

Student Confidentiality

To carry out their responsibilities, school officials will have access to student education records for legitimate educational purposes. The District will use the following criteria to determine who are school officials [34 C.F.R. 99.31]:

- A person duly elected to the Governing Board (under limited circumstances).
- A person certificated by the state and appointed by the Governing Board to an administrative or supervisory position.
- A person certificated by the state and under contract to the Governing Board as an instructor.
- A person employed by the Governing Board as a temporary substitute for administrative, supervisory or instructional personnel for the period of such performance as a substitute.
- A person employed by or under contract to the Governing Board to perform a special task, such as a secretary, a clerk, the Governing Board attorney, or auditor, for the period of such performance as an employee or contractor.

School officials who meet the criteria listed above will have access to a student's records if they have a legitimate educational interest in doing so [34 C.F.R. 99.32]. A "legitimate educational interest" is the person's need to know in order to:

- Perform an administrative task required in the school employee's position description approved by the Governing Board.
- Perform a supervisory or instructional task directly related to the student's education.
- Perform a service or benefit for the student or the student's family, such as health care, counseling, student job placement, or student financial aid.

For a more detailed explanation of your rights under the Family Educational Rights and Privacy Act, please contact the office or Governing Board Policy - Student Records – JR.

Nondiscrimination/Equal Opportunity

The right of a student to participate fully in classroom instruction shall not be abridged or impaired because of race, color, religion, sex, age, national origin and disability, or any other reason not related to the student's individual capabilities.

McKinney-Vento *Right of Homeless students*

The school district shall provide an educational environment that treats all students with dignity and respect. Every homeless student shall have access to the same free and appropriate educational opportunities as students who are not homeless. This commitment to the educational rights of homeless children, youth and unaccompanied youth, applies to all services, programs and activities provided or made available.

A student may be considered eligible for services as a “homeless child or youth” under the McKinney-Vento Homeless Assistance Act if he or she is presently living:

- In shared housing of other persons due to loss of housing, economic hardship, or similar reason
- In a shelter, temporary shared housing, or transitional living program
- In a hotel/motel, campground or similar situation due to lack of alternatives
- At a bus station, park, car or abandoned building
- In temporary or transitional foster care placement.

Dispute Resolution: If you disagree with school officials about enrollment, transportation, or fair treatment of a homeless child or youth, you may file a complaint with the school district. The school district must respond and attempt to resolve it quickly. During the dispute, the student must be immediately enrolled in the school and provided transportation until the matter is resolved. The Homeless Liaison will assist you in making decisions, providing notice of any appeal process, and filling out dispute forms.

For more information, refer to www.ade.az.gov/asd/homeless or contact Karol Coffman at Vernon Elementary School District (928) 537-5463.

Annual Notification to Parents Regarding Confidentiality of Student Education Records and School Directory Information (FERPA)

Confidentiality of education records is a right of public school students and their parents. This right is provided for by two federal laws: The Individuals with Disabilities Education Act (IDEA), and the Family Education Rights and Privacy Act (FERPA). Under these laws, “education records” means those records that are: (1) directly related to a student; and (2) maintained by an educational agency or institution or by a party acting for the agency or institution.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s educational records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access.
 - Parents or eligible students should submit to the school principal (or other appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading.

- Parents or eligible students may ask a school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading.
 - If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
- The district designates the following information contained in a student's education records as "Directory Information" and may disclose it without parent consent, unless notified that the school is not to disclose the information without consent: the student's name, address, telephone listing, date and place of birth, electronic email address, photograph, grade level, major field of study, dates of attendance, enrollment status, participation in officially recognized activities and sports, weight and height if a member of an athletic team, honors and awards received and the most recently attended educational agency or institution.
 - Parents have two weeks to advise the District in writing (a letter to the Superintendent's office) of any or all of the items they refuse to permit the district to designate as Directory Information about that student. After this two-week period, if the District has not received written refusal to allow the release of the Directory Information, the District will assume that it has their permission to release the above-mentioned information.
 - One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health and medical staff and law enforcement unit personnel); a person serving on the school board ; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
 - A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
 - Upon request, a school may disclose education records without consent to officials of another school district in which a student seeks or intends to enroll if the school states in its annual notification of FERPA rights that it forwards records on request.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by a school to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue S.W.

Notice of these rights is available, upon request, on audiotape, in Braille, and in languages other than English. You may contact the Arizona Department of Education at (602) 542-5393.

Videos

All videos/Movies rated G, PG, and PG-13 will be considered for approval by the Superintendent. Parents have the right to request that their child not view any movie or video, regardless of its rating, or the purpose for which it is to be shown. Parents must sign a permission slip stating approval or disapproval for their student to view any video that is rated PG-13. Students must return the signed permission slip prior to viewing videos. The permission slips will be kept on file for one year.

Telephone Usage

The increase in use of cell phones and personal communication devices by students during the school day has become far more than a distraction in the school environment. These devices are being used by students as a means of cheating on tests, taking inappropriate pictures and video of students and staff for sharing and posting on the internet, threatening and/or bullying other students, and engaging in an excessive amount of social interaction during instructional times.

If your parents have provided a cell phone for you to use, you must follow the regulations below:

- Phones must remain OFF (not silent) and concealed during the entire day. If a call must be made Students may only use the classroom telephone. Usage of office telephone is for emergencies that cannot wait until the student returns home for the day. Calls for alternative destinations after school or such like requests **will not** be permitted. **No calls will be allowed during school hours.**
- If a student does not follow the rule, the teacher will confiscate the phone and a parent must pick it up in the Main Office.
- If the phone has a camera, this feature is not permitted to be used on school grounds unless school officials grant permission.
- VERNON ELEMENTARY SCHOOL IS NOT RESPONSIBLE FOR ANY LOST, STOLEN, MISSING OR CONFISCATED ITEMS.
-

Use of Technology Resources by Students

Use of electronic information services (EIS), or school computers, by students, require both parent and student to sign a User Agreement. By signing the agreement, the student and the parent acknowledge that it is their responsibility to comply with all of the requirements of the User Agreement. No student will be allowed to use school computers until the agreement has been signed and returned to the school.

8) Academic Information

Progress Reports & Report Cards

Progress reports will be sent home with the student every two weeks. Report Cards will be send home by mail at the end of each academic quarter or given directly to parents at Parent/Teacher Conferences. In addition to Progress Reports, the school will call parents when there is a concern about behavior or academic progress.

Parent/Teacher Conferences

Parent/Teacher Conferences are scheduled at the end of the 1st and 3rd academic quarters. For the 2019/2020 School Year, **Parent/Teacher Conferences** will be held on **September 20, 2019 and February 7, 2020. Open House will be July 31st 4pm-5pm.**

Student Incentive Program

Incentives program that allow students to earn incentives that are academic and more conducive to opportunities for students such as good attendance, citizenship and other positive programs. Students have the opportunity to earn P.A.W.S. bucks to be in a weekly drawing and to use in our P.A.W.S. Store.

Project Based Learning

PRESCHOOL – KINDERGARTEN: Project Based Learning students gain knowledge and skills by working for an extended period of time to investigate and respond to an authentic, engaging, and complex question, problem, or challenge. In Preschool and Kindergarten these projects will usually last from four to six weeks, the topics will be real relevant and meaningful to the students. When applicable, 1st-8th grade students will also participate in project-based learning activities.

Hands-On Learning

PRESCHOOL – KINDERGARTEN: Hands-on exploration promotes the development of problem solving skills, recognition of cause and effect, and organizing and classifying. These explorations lay the foundation for learning science, technology, engineering, and math concepts. In early childhood it is essential that learning activities be hands-on, child-driven, authentic, and active. Developmentally, young children learn and understand best from what they can see, touch, feel, and manipulate. Children will be encouraged to explore, have fun, and get their hands dirty! When applicable, 1st-8th grade students will also participate with hands-learning activities.

Curriculum

PRESCHOOL – KINDERGARTEN: The Vernon Elementary Preschool – Kindergarten program utilizes Creative Curriculum, Teaching Strategies Gold, and the Spalding Method. It includes social/emotional development, physical development, cognitive development and language development (listening/speaking and reading/writing). The curriculum is aligned to the Arizona Early Childhood Education Standards.

1st-8th GRADE: **Math:** Go Math textbooks from Houghton Mifflin Harcourt.

ELA: Journeys and Collections textbooks from Houghton Mifflin and Harcourt

Grading

The District reports grades every quarter. Parents are notified the first half of each quarter of their child's progress. Arizona College and Career Readiness Standards for 1st through 8th Grade levels are measured on the following scale:

4 - HP - Highly Proficient = 86-100%

3 - P – Proficient = 76-85%

2 - PP – Partially Proficient = 61-75%

1 - MP – Minimally Proficient = 0-60%

PRESCHOOL – KINDERGARTEN: Teaching Strategies GOLD the assessment tool that will follow each student in 10 areas of development and learning throughout the school year. This tool will be used to create a whole picture of each child's growth through students will be provided documentation, sample work and yearly portfolios.

Promotion & Retention

The District is dedicated to the continuous development of each student. Promotion from year to year will be based upon Arizona College and Career Readiness Standards for each basic subject, including but not limited to reading written communication, mathematics, science and social studies. In addition to these standards, test scores, grades, Teacher-Superintendent recommendations and other pertinent data will be used to determine promotion. Retention of students is a process that is followed, throughout the year, when the professional staff, in consultation with the parent, determines it to be in the best interest of the student. Core classes are Math, Reading, Writing, Science and Social Studies. As a rule, though primary grades are suggested as the most appropriate time for retention, retention may be considered at any grade level.

Assessments

The use of tests is one indication of the success and quality of the educational program. In the case of an individual student, tests, in combination with other criteria, can provide an indication of student achievement. Vernon uses DIBELS as a universal screener and Galileo to ensure mastery of College and

Career Readiness Standards. Teachers will also be required to use other forms of formative assessments to ensure mastery of standards taught.

Test Participation

All students shall be tested, except that students with disabilities will be included with appropriate accommodations and alternate assessments where necessary in accord with their respective Individual Education Program.

9) Attendance

Good attendance is essential to the total development of a sound educational environment. A significant part of the student's experience is derived from classroom relationships, activities, discussion, and participation. An attendance policy is therefore, necessary to provide a set of guidelines commensurate with the District-wide goals in terms of student achievement, positive attitudes and subject matter competency.

We understand children and families face many challenges during each school year. Amidst the long list of concerns we all share is the issue of school attendance, an issue that seldom gets newspaper headlines, but one which has a fundamental impact on the present and future success of all children. The consequences for failing to attend school are well documented. Truancy has been identified as a predictor of delinquency, drug use, and is often associated with lowered academic achievement, self-esteem, and even employment potential. In addition, several studies have found that a pattern of poor attendance in early grades is linked to an increased likelihood for dropping out of school in later years.

We believe it is very important for you to attend school for the following reasons:

- To keep up with work and make friends.
- To get the best possible start in life and make the best of opportunities.
- Because employers and colleges look at attendance before offering a job or for admission to college.
- Because school attendance is required by law.
- Because learning makes a difference to your future.

Your parent can help improve your attendance by:

1. Making medical or other appointments out of school time.
2. Taking only official school holidays.
3. Taking an interest in your school work, asking about your day, and praising you when you do well.
4. Telling the school when you will be absent by calling the school on the first day of absence.
5. Make sure you understand they do not approve of you missing school.
6. If you make excuses to try to get out of going to school, they take time to listen to them so they can help you with your problem.

Under state law, it is the obligation of every parent/guardian to ensure that every child under their care and supervision comply with the compulsory attendance law, unless excused pursuant to A.R.S. [15-802](#), [15-803](#), or [15-901](#).

The following will be considered excused absences:

- Illness of the student or immediate family (proof may be necessary).
- Doctor or dental appointments (proof may be necessary).
- Family trips with **prior** arrangements made in advance.
- Funerals of relatives or close friends.
- Family emergencies.
- Attendance at school activities out of town (a prearranged absence must be made and the parents/guardian of the student must pick them up at the school office).
- Extenuating circumstances as determined by the parent and the District Administrator.

Unexcused Absences

State law mandates that the school record reasons for all student absences. Therefore, when a student is absent, it will be necessary for the parent to call the school on or before the day of the absence in order to advise the school as to the reason for the absence. When it is impossible to call on the day of the absence, the school should be notified on the morning the student returns, in time for the student to obtain an admission slip prior to the student's first class. All absences not verified by parental or administrative authorization will remain unexcused.

Regardless of the reason for any absence, the home will receive written notification when a student has been absent five (5) times during any term (eighteen [18] weeks).

Unexcused absence for at least five (5) school days within a school year constitutes habitual truancy. The District Administrator will establish procedures to identify and deal with unexcused absences, beginning with notification of parents. Continued violation may lead to discipline of the child and/or referral of the parent to a court of competent jurisdiction.

Tardy

Being tardy to school or class can result in significant disruption in the educational process not only for the tardy student but for other students in the classroom, as the teacher must leave the lesson in progress to assist the late student in getting on task. Consequences will be enforced after 5 tardys.

Excessive Absences

Regardless of the reason for any absence, the District Administrator will call the parents in for a conference when a student has been absent ten (10) days during any term (eighteen [18] weeks).

Students may be at risk for retention. They may also be submitted to the County Attorney's office for Truancy Referral.

If a student continues to be absent (fifteen [15] days) from school after the parent conference, the student will be referred to the Student Attendance Review Committee (SARC). The SARC will be composed of the student's teacher(s), the school attendance clerk and the District Administrator. The SARC will review the academic and attendance record of the referred student and will develop an improvement plan to address the needs and responsibilities of the individual student; and if necessary, address the support to be provided by the parents, the School District and other agencies to assist in gaining the desired effect of maintaining a regular pattern of class attendance. The primary goal of the improvement plan and the SARC process is to effect significant improvement through structure and supportive measures.

At the tenth (10th), fifteenth (15th) and the eighteenth (18th) day absence, the District Administrator will notify the parent in writing of the compulsory attendance requirements and that the parent could be issued a citation for violation of A.R.S. 15-802 or 15-803, and students may be subject to discipline actions.

Absence Communication

When an excused or authorization of absence from the parent or person having custody of the student has not been provided to the school office, the school shall make a reasonable effort to promptly telephone and notify parents or persons having custody of a student upon the student's absence.

- Students in grades preschool through six:
 - ◆ Within two hours after the first class in which the student is absent.
- Students in grades seven and eight:
 - ◆ Within two hours of an absence when the absence is from the student's first class of the day.
 - ◆ Within five hours of an absence from a class other than the student's first class of the day

The District and its Board, employees or agents are not liable for failure to notify.

Further, on or before the enrollment of a student in grades kindergarten through eight, the District shall notify parents or other persons who have custody of a student of their responsibility to authorize any absence of the student from school and to notify the school in advance or at the time of any absence. The District also requires that at least one telephone number, if available, be given to the school office so that a "reasonable effort to notify by telephone" may be accomplished. This telephone number, if available, shall be provided at the time of enrollment of the student in the school. The parents or persons having custody of a student shall promptly notify the school of any change in this telephone number.

Make up Work

The following standards shall apply in the District for make-up work. Adjustments may be made when it is in the best interest of the student(s).

- It will be the student's and parent's responsibility to ask for make-up work and to arrange for a time to make up tests when the student returns.
- If the teacher is unable to supply the student with a make-up assignment, the student will not be held responsible for that make up assignment.
- The student has the responsibility to work with the teacher to develop a plan for making up homework and tests.
- If work is not turned in by the time the assignment is due, and the student fails to provide an acceptable explanation of the extenuating circumstances that would merit an extension, the teacher may reduce the grade on the assignment or withhold credit on the assignment.
- When a student has been absent for illness, ample time will be given for

In situations where the student will be absent for more than three (3) days, due to illness (i.e., chicken pox, measles, et cetera), or when the parent notifies the District office that the student will be absent more than one (1) week for other reasons (e.g., vacation), teachers may provide required assignments in advance or send assignments to the student.

Withdrawal from School

When a student is to be transferred to another school district, please see Karol Coffman, Student Services, to facilitate the paperwork necessary to transfer student records in accordance with District Policy and FERPA privacy policy.

11)Parent Information

Home-School Connections

PRESCHOOL – KINDERGARTEN: A family folder will be sent home at the beginning of each month and will contain our classroom newsletter, specific review materials, a reading log and book report, and monthly family activity calendar.

Home Communications

PRESCHOOL – KINDERGARTEN: The Facility Director will keep parents informed regarding events, policies and general information. In order to keep you informed on the month's activities, information will be sent home with the student through a classroom monthly newsletter, through written memos, our classroom communication board located by the door. These are very important for you to read and keep for the entire month so that you are always informed!

If you have any questions concerning your child or classroom activities, please call or come into the preschool at any time. If your child is having difficulty separating from you when you bring them to class, please discuss this with the teacher. Often children are upset for only a few minutes after a parent leaves.

Visitors

As required by State law, all visitors must first report to the school office and sign the register. All visitors will be required to show ID.

PRESCHOOL – 8th GRADE STUDENTS: Parents are encouraged to visit and /or volunteer in class as long as it does not continuously distract their child. Please arrange for child care for other siblings. While volunteering you may be asked to help prepare projects, read to children, supervise play, help with classroom celebrations, lead a group activity, etc. Working with children is very rewarding and we are looking forward to your help. If parents will be working with children other than their own, they must fill out a volunteer packet (located in the front office).

Parties

Each Vernon Elementary School class is permitted to have classroom celebrations. Each teacher is responsible for determining dates for those celebrations. The food served must comply with in the health and wellness policy guidelines.

That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed...”
- When special days or significant events are recognized, it is recommended that appropriate classroom and assembly programs be presented in keeping with the traditional and historical significance of the event or season.

Parent Liability

Under Arizona Revised Statutes, parents are liable for damage done to school property by their children. A student who cuts, defaces, or otherwise damages any school property may be suspended or expelled from school. We believe parents and taxpayers should not be required to underwrite premature replacement or repair caused by negligence or malicious vandalism. Our policy on parent responsibility for such costs is therefore, strictly and fairly enforced by the administration.

Neglect and Abuse of Children

State law and our own concern for the welfare of each child require us to report suspected child abuse or neglect. If teachers know or have reason to believe that a child is being physically abused, sexually abused, or neglected, the law requires them to contact Maricopa County Child Protection Services. The law requires that the report include the child's name and address of the alleged perpetrator (if known), the extent of the injuries, and the name of the person reporting the suspected abuse or neglect R9-5-307.

Child Abuse Reporting Policy

Vernon Elementary School seeks to maintain the safest possible environment for our students. In doing so, we abide by our legal, social, and moral obligations to protect our students from abuse by reporting any suspected abuse to the proper authorities. Child abuse is a very serious issue and Vernon Elementary School will not tolerate the physical abuse, emotional abuse, sexual abuse, or neglect of any of its students.

Reporting Procedures

Early intervention in a situation can help prevent more serious abuse. As such, this policy requires that our faculty and staff report ANY indications of abuse that they may observe directly to Child Protective Services (DES) or the police department by calling 1-888-SOS-CHILD or 1-888-767-2445 and to follow any written requirements requested by DES.

Arizona law requires certain persons who suspect that a child has received non-accidental injury or has been neglected to report their concerns to DES or local law enforcement (ARS §13-3620.A). In addition, the faculty or staff member is required to report that a complaint has been filed to any of the following:

- Monica Barajas, Superintendent
- Kristen Orton, Facility Director

Vernon Elementary School will not tolerate any retaliation against any individual who brings forward a possible instance of child abuse. We both encourage and appreciate every person's cooperation in ensuring the safety and wellbeing of our students.

Inspection

State inspection reports are available at the school for review. Facility Inspection Reports are on file in either of the preschool classrooms. These reports are available for public inspection.

Purpose

The purpose of preschool is to provide appropriate experiences that contribute to each child's intellectual, social, emotional, and creative growth. Preschool should provide children with a happy and relaxed atmosphere conducive to gaining self-confidence, creativity and responsibility.

Play is an important aspect of intellectual, social, and motor growth in a preschool child. Preschool

and Kindergarten children also need to be provided with ample play time to allow them to develop their natural creative abilities. Children will be involved in play activities that are sometimes child-initiated and sometimes teacher directed. Through play, the children will develop the prerequisite skills needed to be successful in first grade and throughout their future school years.

Routines

The daily schedule of the classroom is as vital as the resources the teachers has. Students thrive with a consistent routine, they quickly learn transitions, special events that reoccur in a week and notice the small changes. See the daily schedule posted in class and handed out at the start of school for specific time periods. A solid routine also assists students with separation anxiety, which is why arriving to school on time is vital.

Rules

As a child enters school for the first time either preschool or kindergarten students they are learning how to be bicultural. As families each home is unique in rules and expectations, as is the learning environment. In school we will be learning how to work in a classroom community, overcome challenges and disagreements.

We take care of our self.
We take care of each other.
We take care of our things.

Rituals

Rituals are routines that are infused with deeper meaning, they make daily experiences more meaningful. These are special actions that help us navigate emotionally important events or transitions. Students will have a specific way to enter the classroom, songs that signal transitions and events that make school and learning more meaningful.

Discipline Procedures

The classroom will have consistent, reasonable rules and set limits for the children. If a child's behavior is out of control (hitting, biting, kicking, leaving the classroom, throwing material, etc.) and staff is concerned the child might injure themselves or others, the child may be sent home for the remainder of the day. A meeting may be scheduled with the parent to discuss a behavior plan, if necessary.

Time away from activities will be limited to no more than 3 consecutive minutes or after the child has become calm. The safe space in the classroom is designed to allow students to calm down in a safe and

positive manner. If you have a concern about an issue in your child's classroom, please consult the Facility Director directly to see if the problem can be solved.

Preschool classes need to provide a happy and safe environment where all children can develop confidence and learn responsibility. Discipline is designed to help children recognize and choose to participate in appropriate behaviors.

Classroom Requests

Project based learning (PBL) allows students develop deeper understanding in subjects that are real, relevant and meaningful to them. We will do six PBL throughout the year and need a variety of materials that you may already have at home so notes are sent home requesting items. You are never obligated to donate items; it is only if you are financially able to contribute or happen to have these materials around your home. We also utilize many items that can be recycled. Throughout the school year notices will be sent home requesting these items.

Liability

The district has liability insurance as required by Arizona State Rule R9-5-308.

Pesticide Notice

Notification of pesticide application will be posted in each activity area and in each entrance facility, at least 48 hours before pesticide is applied on the facility's premises containing the date and time of the pesticide application. Pesticide information is available from the licensee upon request R95-310.

Labeling

Please label any personal items your child brings to school: extra clothing, back-packs, coats, etc. The program is not responsible for any items that are lost, broken, or stolen. All children need a regular sized back-pack, play clothes, full change of clothing, and season appropriate clothing.
